Cousins & Cousins

Cousins & Cousins

Cousins & Cousins is an award winning London based practice that work across the residential, commercial, mixed use, public art and cultural sectors.

Experts at radically adapting spaces for change of use and contemporary situations, we have extensive experience in prioritising the relationships between finishes, texture and colour palette.

We work collaboratively through all project stages from inception through to completion. Working with our construction and project management teams and consultants we ensure that the highest quality of workmanship is achieved on all of our projects.

Winner of Interior Architect of the year 2017 and finalist in the AJ Retrofit Awards 2017, the practice has extensive experience in delivering retrofit residential and commercial projects.

Working from inception to completion, we work on very difficult listed sites radically adapting spaces for contemporary situations, most recently for a co-working scheme and a boutique spa and hotel complex on a heritage site.
