Cousins & Cousins

Cousins & Cousins is an award winning London based practice working across the residential, commercial, mixed use, public art and cultural sectors. Our commercial work spans new build, retrofit and office fit-out.

Working with developers, investors and other stakeholders, our process is iterative and collaborative through all project stages from site appraisal to post project completion.

Winner of Interior Architect of the Year 2017 and finalist in the AJ Retrofit Awards 2017, Cousins & Cousins also has extensive experience in delivering retrofit and new build residential and heritage projects.

Our most recent commercial projects include a flexible co-working office development, and a holistic wellness cultural centre which will run a programme of talks, screenings, exhibitions, classes, workshops and other events. We have also been appointed for a 120,000sqft new build mixed-use scheme in Wimbledon due to go to planning in mid 2017.
